Fellow in Dementia Innovation & Leadership

Award: DTA Diploma in Fellow in Dementia Innovation & Leadership

Professional Designation: Fellow in Dementia Innovation & Leadership

Proposed Post-nominal: DTA-FDIL

Purpose

The Fellow is expected to contribute to **the development of dementia practice itself**.

The focus shifts to leadership impact, innovation, service transformation, workforce development, culture, co-production, quality improvement, and the future of dementia care.

The Fellow will demonstrate:

- strategic dementia leadership;
- innovation in dementia practice;
- quality and service improvement;
- systems thinking;
- organisational influence;
- workforce development;
- education and capability building;
- co-production with people affected by dementia;
- evidence translation;
- evaluation of outcomes and impact;
- leadership across organisational boundaries;
- development of new approaches to dementia practice;
- sustained contribution to dementia-care improvement.

I contribute to developing dementia practice itself through leadership, innovation and improvement.
